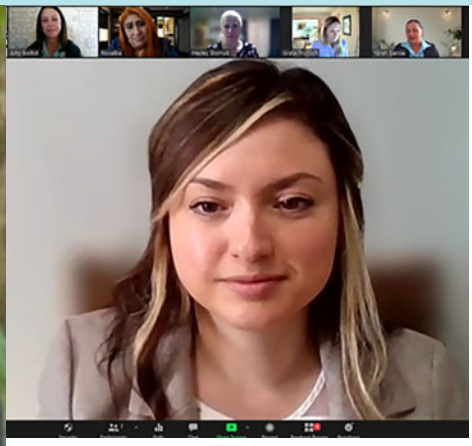
Climb

TETON AREA PROGRAM UPDATE
FALL 2021



Above: In order to prepare moms for success in the workplace, the Teton Area's recent Professional Office Careers training included mindfulness and other life skills classes.

"Thank you for being my rope so I can conquer the mountain of life and Climb to the top."

-Rachael, Professional Office Careers Graduate

On average, moms
DOUBLED THEIR WAGES
after starting job placements.

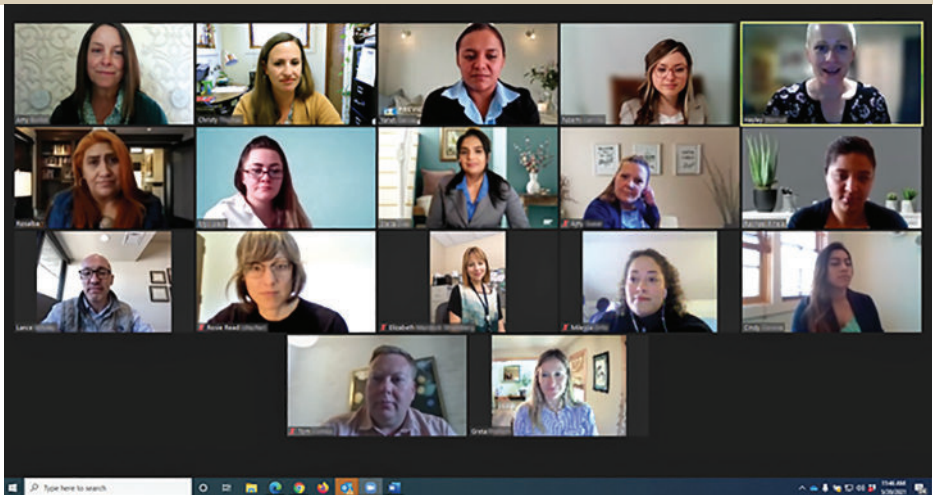
PROFESSIONAL OFFICE CAREERS TRAINING INCLUDED:

- Microsoft Office™
- Quickbooks™
- Professional Communication & Interviewing
- Mindfulness
- Parenting
- Budgeting
- Diversity in the Workplace

EMPLOYER PARTNERS:

Charlie's Plumbing
Moss Immigration
One22
Option One Plumbing
Supplemental Nutrition Program for Women, Infants, and Children (WIC)
Twigs
Wells Fargo

Most of the participants in Climb's recent Teton Area Professional Office Careers training were unemployed before the program and looking for a way to stand on their own two feet and reach financial independence. They cheered each other on and found great support as a group of single moms wanting to provide the best for their children. The women are now in job placements that are filling critical staffing shortages in the Teton community while also providing families with stability and high wages.



Above: The virtual classroom: moms practice with local professionals during online mock interviews.

THANK YOU

FOR HELPING WYOMING FAMILIES SHINE ON FOR GENERATIONS!

During Climb Wyoming's 35th year, you are helping single moms overcome poverty to shine a lasting and positive light on their children, our communities, and the entire state of Wyoming.

Above: Graduates from Climb's recent Teton Area Professional Office Careers training celebrate at commencement. The moms are helping fill a variety of positions during a workforce shortage in the community.
